

INDEX TO VOLUME 3

This index covers the issues for 1996, as follows: January (Number 1), pages 1–94; February (Number 2), pages 95–188; March (Number 3), pages 189–290; April (Number 4), pages 291–388; May (Number 5), pages 389–562; June (Number 6), pages 563–650; July (Number 7), pages 651–734; August (Number 8), pages 735–822; September (Number 9), pages 823–906 and A1–A8; October (Number 10), pages 907–988; November (Number 11), pages 989–1080; and December (Number 12), pages 1081–1200. The abbreviations used throughout the index are spelled out in the footnote below.

SUBJECTS

- Abdominal pain, IV morphine for, 1086
 - (commentary), 1081
 - recurrent (clinical pearls), 952
 - in vesicourachal diverticulum rupture (case report), 1140
- Abdominal trauma, *see under* Trauma
- Abstract(s), 1996 Midwestern–Midatlantic Regional Emergency Medicine Research Symposium, A1–A8 (Sept)
- 1996 SAEM annual meeting, 392–548
- Abuse, *see* Drug abuse; Ethanol abuse; Sexual abuse; Violence; *see also under* Elder(s); Pediatrics
- Academic medicine, *see also* Education
 - health care reform interface with, 277
- Access to care, authorization calls to HMOs, 338
 - (commentary), 295
 - (letters), 1172; 1175
 - defining appropriateness of ED visits (commentary), 189
 - (letters), 1071; 1072; 1072
 - referrals from ED (letters), 1071; 1072; 1072
 - unscheduled, capitation and (commentary), 655
 - unscheduled, reengineering 911 (commentary), 989
- Accident(s), *see* Injury(ies); Motor vehicle crash(es); Overdose(s); Trauma
 - cerebrovascular, *see* Stroke(s)
- Acetaminophen, pharmacokinetics of Tylenol Extended Relief vs Tylenol, 740
 - (commentary), 738
- Acetylcholinesterase poisoning, model of, 1106
- Acid–base disturbance(s), *see* Alkalosis
- Acute pulmonary edema, sublingual captopril for, 205
 - (commentary), 192
- Addition(s), *see* Drug abuse; Ethanol abuse
- Adenosine, for supraventricular tachycardia, 574
 - (commentary), 564
- Adenosine antagonist(s), in CPR (letter), 1075
- Administration, authorization calls to HMOs, 338
 - (commentary), 295
 - (letters), 1172; 1175
 - capitation and unscheduled access to care (commentary), 655
 - CQI of fast-track LOS, 258
 - defining appropriateness of ED visits, 252
 - (commentary), 189
 - (letters), 1071; 1072; 1072
 - mission statements in leadership, 801
 - pediatric triage criteria and patient flow, 65
 - (commentary), 2
 - reengineering 911 (commentary), 989
 - referral from ED (letters), 1071; 1072; 1072
 - short-stay unit effect on LOS, 1113
 - terminations of EPs, 168
- Admission(s), *see under* Hospital(s)
- Adolescent(s), *see also* Pediatrics
 - ethanol use and hypoglycemia, 46
 - violence in, EP role in reducing, 708
 - (commentary), 651
- Advance directive(s), in the ED, 50
 - family response to the EP in DNAR orders, 54
- Advanced cardiac life support, problem-based (letter), 184
- Advocacy, for injury prevention, 161
 - via storytelling (presidential address), 1
- Aesthetics, of repaired lacerations, 378
 - (commentary), 298
- Age, and unnecessary ambulance transport, 1046
 - (commentary), 989
- Aged, *see* Elder(s)
- Agreement, EP–psychiatrist, in admissions, 1027
- AIDS, *see* HIV
- Air bag(s), injury from spontaneous deployment (letter), 179
- Airway Cam direct laryngoscopy video system, 79

Abbreviations in the index: ABEM = American Board of Emergency Medicine; ACLS = Advanced Cardiac Life Support; AIDS = acquired immunodeficiency syndrome; AMI = acute myocardial infarction; APE = acute pulmonary edema; BP = blood pressure; CBC = complete blood count; COBRA = Consolidated Omnibus Reconciliation Act; CPP = coronary perfusion pressure; CPR = cardiopulmonary resuscitation; CQI = continuous quality improvement; CT = computed tomography; DNAR = do-not-attempt-resuscitation; ECG = electrocardiogram, electrocardiography; ED = emergency department; EM = emergency medicine; EMS = emergency medical services; EP = emergency physician; HIV = human immunodeficiency virus; HMO = health maintenance organization; IRB = institutional review board; IV = intravenous; LOS = length of stay; MI = myocardial infarction; MVC = motor vehicle crash; NHLBI = National Heart, Lung, and Blood Institute; NIH = National Institutes of Health; PEA = pulseless electrical activity; PGY1 = postgraduate year 1; SAEM = Society for Academic Emergency Medicine; and STD = sexually transmitted disease.

INDEX TO VOLUME 3

This index covers the issues for 1996, as follows: January (Number 1), pages 1–94; February (Number 2), pages 95–188; March (Number 3), pages 189–290; April (Number 4), pages 291–388; May (Number 5), pages 389–562; June (Number 6), pages 563–650; July (Number 7), pages 651–734; August (Number 8), pages 735–822; September (Number 9), pages 823–906 and A1–A8; October (Number 10), pages 907–988; November (Number 11), pages 989–1080; and December (Number 12), pages 1081–1200. The abbreviations used throughout the index are spelled out in the footnote below.

SUBJECTS

- Abdominal pain, IV morphine for, 1086
(commentary), 1081
recurrent (clinical pearls), 952
in vesicourachal diverticulum rupture (case report), 1140
- Abdominal trauma, *see under* Trauma
- Abstract(s), 1996 Midwestern–Midatlantic Regional Emergency Medicine Research Symposium, A1–A8 (Sept)
1996 SAEM annual meeting, 392–548
- Abuse, *see* Drug abuse; Ethanol abuse; Sexual abuse; Violence; *see also under* Elder(s); Pediatrics
- Academic medicine, *see also* Education
health care reform interface with, 277
- Access to care, authorization calls to HMOs, 338
(commentary), 295
(letters), 1172; 1175
defining appropriateness of ED visits (commentary), 189
(letters), 1071; 1072; 1072
referrals from ED (letters), 1071; 1072; 1072
unscheduled, capitation and (commentary), 655
unscheduled, reengineering 911 (commentary), 989
- Accident(s), *see* Injury(ies); Motor vehicle crash(es); Overdose(s); Trauma
cerebrovascular, *see* Stroke(s)
- Acetaminophen, pharmacokinetics of Tylenol Extended Relief vs Tylenol, 740
(commentary), 738
- Acetylcholinesterase poisoning, model of, 1106
- Acid–base disturbance(s), *see* Alkalosis
- Acute pulmonary edema, sublingual captopril for, 205
(commentary), 192
- Addition(s), *see* Drug abuse; Ethanol abuse
- Adenosine, for supraventricular tachycardia, 574
(commentary), 564
- Adenosine antagonist(s), in CPR (letter), 1075
- Administration, authorization calls to HMOs, 338
(commentary), 295
(letters), 1172; 1175
capitation and unscheduled access to care (commentary), 655
CQI of fast-track LOS, 258
defining appropriateness of ED visits, 252
(commentary), 189
(letters), 1071; 1072; 1072
mission statements in leadership, 801
pediatric triage criteria and patient flow, 65
(commentary), 2
reengineering 911 (commentary), 989
referral from ED (letters), 1071; 1072; 1072
short-stay unit effect on LOS, 1113
terminations of EPs, 168
- Admission(s), *see under* Hospital(s)
- Adolescent(s), *see also* Pediatrics
ethanol use and hypoglycemia, 46
violence in, EP role in reducing, 708
(commentary), 651
- Advance directive(s), in the ED, 50
family response to the EP in DNAR orders, 54
- Advanced cardiac life support, problem-based (letter), 184
- Advocacy, for injury prevention, 161
via storytelling (presidential address), 1
- Aesthetics, of repaired lacerations, 378
(commentary), 298
- Age, and unnecessary ambulance transport, 1046
(commentary), 989
- Aged, *see* Elder(s)
- Agreement, EP–psychiatrist, in admissions, 1027
- AIDS, *see* HIV
- Air bag(s), injury from spontaneous deployment (letter), 179
- Airway Cam direct laryngoscopy video system, 79

Abbreviations in the index: ABEM = American Board of Emergency Medicine; ACLS = Advanced Cardiac Life Support; AIDS = acquired immunodeficiency syndrome; AMI = acute myocardial infarction; APE = acute pulmonary edema; BP = blood pressure; CBC = complete blood count; COBRA = Consolidated Omnibus Reconciliation Act; CPP = coronary perfusion pressure; CPR = cardiopulmonary resuscitation; CQI = continuous quality improvement; CT = computed tomography; DNAR = do-not-attempt-resuscitation; ECG = electrocardiogram, electrocardiography; ED = emergency department; EM = emergency medicine; EMS = emergency medical services; EP = emergency physician; HIV = human immunodeficiency virus; HMO = health maintenance organization; IRB = institutional review board; IV = intravenous; LOS = length of stay; MI = myocardial infarction; MVC = motor vehicle crash; NHLBI = National Heart, Lung, and Blood Institute; NIH = National Institutes of Health; PEA = pulseless electrical activity; PGY1 = postgraduate year 1; SAEM = Society for Academic Emergency Medicine; and STD = sexually transmitted disease.

- Airway management, *see* Intubation(s); Ventilation
- Airway pressure(s), positive, bilevel, MI and (letters), 729; 729
- Albuterol, nebulized, continuous vs intermittent, 1019
- Alcohol, *see* Ethanol
- Algorithm(s), patient flow, with authorization calls to HMOs, 338 (commentary), 295 (letters), 1172; 1175 in superior vena cava syndrome (clinical pearls), 1064
- Alkalosis, metabolic, compensatory hypoventilation in (letter), 981
- Ambulance transport(s), unnecessary, 1046 (commentary), 989
- Ambulatory care, CQI in fast-track LOS, 258 ED appropriateness for, 252 (commentary), 189 (letters), 1071; 1072; 1072
- American Board of Emergency Medicine, practice tracks in, 953 (commentary), 907
- American College of Surgeons, *see* Certification; Triage criteria
- Aminophylline, as adenosine antagonist (letter), 1075
- Amrinone, as verapamil overdose antidote, 762
- Analgesia, morphine effect on abdominal pain diagnosis, 1086 (commentary), 1081 propofol in the ED, 234
- Anemia(s), sickle-cell, *see* Sickle-cell crisis; Sickle-cell disease
- Anesthetic(s), *see also* individual agents injectable, for laceration repair, 228 (commentary), 198
- Aneurysm(s), cerebral, in sickle-cell disease, 859 sinus of Valsalva, diagnosis, 634
- Angina, *see* Chest pain
- Angiotensin-converting enzyme inhibitor(s), captopril for APE, 205 (commentary), 192
- Ankle injury(ies), intrasound vibration testing accuracy, 849
- Annual meeting(s), SAEM, *see under* Society for Academic Emergency Medicine
- Anorexia nervosa, sinus bradycardia as hypoglycemia, 700
- Anticholinergic(s), systemic toxicity from ocular homatropine, 868
- Anticoagulation, in atrial fibrillation (letters), 819; 820; 821
- Antidepressant(s), cyclic, overdoses, 634 sertraline overdose effects, 132
- Anus(es), in pediatric sexual abuse, 966 (commentary), 908
- Anxiety, *see* Psychological stress
- Aortic aneurysm(s), sinus of Valsalva, 634
- Aortotomy, uncontrolled hemorrhage model of, 917
- Appendicitis, recurrent (clinical pearls), 952
- Appendicolith(s), on radiographs (clinical pearls), 952
- Appointed care, capitation and (commentary), 655
- Appropriateness, of ED use, agreement in, 252 (commentary), 189 (letters), 1071; 1072; 1072 of referral from ED (letters), 1071; 1072; 1072
- Archetype(s), physician as hero (letter), 650
- Arrhythmia(s), *see also* individual irregularities background pacing misdiagnosed as PEA (letter), 645
- Arterial blood flow, renal, in endotoxic shock, 1006
- Arterial pressure(s), *see also* Hemodynamics endothelin-1 effects in CPR, 137 (commentary), 97
- Artery(ies), carotid, internal, dissection of, 864
- Asphalt cement burn(s), petroleum-based solvent for (letter), 88
- Asphyxia, endothelin-1 effects on CPP, 137 (commentary), 97
- Aspirin, in AMI (letter), 1073
- Assay(s), *see* Test(s)
- Asthma, continuous vs intermittent nebulized albuterol, 1019 magnesium effect on neutrophil respiratory burst, 1093 (commentaries), 1082; 1084 substance abuse and acute exacerbations (letter), 1170
- Atrial fibrillation, new-onset, hospitalization need in, 114 outpatient management safety (letters), 819; 820; 821
- Attack(s), *see also* Stroke(s) transient ischemic, hypoglycemia as sinus bradycardia, 700
- Attrition, in EM, and burnout, 1156
- Auerbach, P. S. (ed), *Wilderness Medicine: Management of Wilderness and Environmental Emergencies*, Third Edition (book review), 1165
- Authorization call(s), to HMOs, for ED evaluation, 338 (commentary), 295 (letters), 1172; 1175
- Automobile crash(es), *see* Motor vehicle crash(es)
- Bacillus Calmette-Guérin, mycobacterial sepsis from, 157
- Background pacing, misdiagnosed as PEA (letter), 645
- Bacteremia, frequency of positive blood cultures, 768
- Balanoposthitis, pediatric (clinical pearls), 384
- Ball, L. B., *The International Medical Graduates' Guide to U.S. Medicine: Negotiating the Maze* (book review), 644
- Bayes' rule, in criteria-based expert system, 689
- Behavior, drug-seeking, ED utilization for, 312 (commentary), 295 handwashing, in EPs, 360
- Behavioral indicator(s), in pediatric sexual abuse, 966 (commentary), 908
- Bicarbonate, ingestion (letter), 981
- Bilevel positive airway pressure(s), MI and (letters), 729; 729
- Biochemical marker(s), *see* Marker(s)
- Bioimpedance, for noninvasive cardiac index monitoring in gunshot wounds, 682 for noninvasive hemodynamic monitoring, 675; 682
- Biological fluid(s), hazardous exposure timing, 605 (commentary), 566
- Biomechanical mediator(s), in multiple-organ dysfunction syndrome, 611
- Biorhythm(s), and exposure to biological fluids, 605 (commentary), 566
- Bite(s), Loxosceles spider, 758 police dog, 352
- Bladder(s), cancer, bacillus Calmette-Guérin sepsis, 157 rupture of vesicourachal diverticulum (case report), 1140
- Bleeding, *see* Hemorrhage(s)
- Blindness, bilateral, acute, diagnosis in (case report), 1056
- Blood alcohol concentration analysis (letters), 85; 728
- Blood culture(s), frequency of positive results, 768
- Blood flow, renal arterial, in endotoxic shock, 1006
- Blood loss, orthostatic change in shock index vs tilt test, 926 in uncontrolled hemorrhage models, 917; 922
- Blood pressure, control of, in uncontrolled hemorrhage (letter), 87 noninvasive monitoring of, 675 vs orthostatic change in shock index, 926 in prediction of significant injury, 1041 reduction, in hypertensive urgency (letters), 646; 647; 648 in sinus of Valsalva aneurysm, 634 systolic, in mannitol for head injuries, 840 in uncontrolled hemorrhage models, 917; 922
- Blunt trauma, abdominal, diagnostic ultrasonography in, 931
- Board(s), specialty, practice tracks in, 953 (commentary), 907
- Boarder(s), ED, short-stay unit for, 1113
- Body fluid(s), hazardous exposure to, timing of, 605 (commentary), 566
- Book review(s), 84; 178; 641; 977; 1165

- Bradycardia(s), sinus, hypoglycemia manifested by, 700
in sinus of Valsalva aneurysm, 634
- Brain injury(ies), *see also* Head trauma
out-of-hospital mannitol and systolic BP, 840
serum neuron-specific enolase as predictor of, 126
severity classification of (commentary), 4
- Breath analysis, for ethanol (letters), 85; 728
- Breathing, *see also* Hypoventilation; Ventilation
difficulty (clinical pearls), 1064
- Brochure(s), residency, on the Internet (letter), 386
- Bronchial asthma, *see* Asthma
- Brown recluse spider bite(s), hyperbaric oxygen vs dapsone, 758
- Buffered lidocaine, in laceration repair, 228
(commentary), 198
topical tetracaine for infiltration pain, 1001
- Burn(s), paving asphalt, petroleum-based solvent for (letter), 88
- Burnout, in EPs, degree and predictors of, 1156
- Calcium, magnesium effect in asthma, 1093
(commentaries), 1082; 1084
- Calcium-channel blocker(s), overdose, glucagon/phenylephrine for, 120
(commentary), 99
- California, drive-by shootings in Los Angeles, 300
law on authorization calls to HMOs, 338
(commentary), 295
(letters), 1172; 1175
- Camera(s), *see also* Photography
in direct laryngoscopy video system, 79
- Cancer(s), bladder, bacillus Calmette-Guérin sepsis, 157
- Canine(s), police, bites by, 352
- Cannabis, *see* Drug abuse; Substance abuse
- Capitation, and unscheduled access (commentary), 655
- Captopril, sublingual, for APE, 205
(commentary), 192
- Car crash(es), *see* Motor vehicle crash(es)
- Carboxyhemoglobin, falsely elevated in neonate (letter), 287
- Cardiac arrest, background pacing misdiagnosed as PEA (letter), 645
endothelin-1 effects on CPP, 137
(commentary), 97
serum neuron-specific enolase as brain damage predictor, 126
- Cardiac enzyme(s), *see also* Creatine kinase
in AMI prediction, 1034
- Cardiac index(es), with amrinone for verapamil overdose, 762
noninvasive monitoring of, 675; 682
noninvasive monitoring in gunshot wounds, 682
- Cardiac injury, CT to screen for, 1024
- Cardiac ischemia(s), *see under* Ischemia(s)
- Cardiac output(s), *see* Cardiac index(es); Hemodynamics
- Cardiac risk stratification, serum markers for, 27
- Cardiography, variance, for ED chest pain evaluation, 326
- Cardiopulmonary resuscitation, *see under* Resuscitation
- Cardioversion, electrical, need with adenosine vs verapamil, 574
(commentary), 564
- Carotid artery(ies), internal, dissection of, 864
- Cartoon illustration(s), in release instructions, 264
(commentary), 200
- Case finding, *see* Screening
- Case management, communication between EMS systems (commentary), 295
- Catheter(s), central venous, staples vs sutures, 1103
IV, self-capping, for needlestick reduction, 668
- Cellulitis, orbital (clinical pearls), 879
- Centers for Disease Control and Prevention, handwashing recommendation compliance, 360
- Central venous catheter(s), *see under* Catheter(s)
- Cephalalgia, in orbital cellulitis (clinical pearls), 879
- Cerebellar function, in minor head trauma, 21
(commentary), 4
- Cerebral aneurysm(s), in sickle-cell disease, 859
- Cerebral infarction(s), thrombolytics for, research review, 881
(commentary), 825
- Cerebral ischemia(s), serum neuron-specific enolase as brain damage predictor, 126
- Cerebrovascular accident(s), *see* Stroke(s)
- Certification, EM fellowships for primary care physicians (letter), 982
Level-I trauma, and EM resident trauma experience, 366
- Cervical collar(s), soft, in whiplash, 568
(commentary), 563
- Cervical immobilization, oral intubation using lighted stylet, 34
- Chest pain, creatine kinase-MB in decision making, 7
criteria-based expert system evaluation, 689
door-to-thrombolysis intervals (letters), 285; 285; 286; 287
serial ECGs to determine thrombolytic need, 147
variance cardiography for ED evaluation, 326
- Challenger Corp., *Med-Challenger Educational Software* (software review), 1167
- Chest wound(s), *see under* Wound(s)
- Children, *see* Pediatrics
- Child abuse, *see also under* Pediatrics
victims' self-inflicted wounds as adults (letter), 817
- Chou, T.-C., Knilans, T. K., *Electrocardiography in Clinical Practice, Adult and Pediatric*, Fourth Edition (book review), 1168
- Circadian rhythm(s), and hazardous exposures, 605
(commentary), 566
- Classification, of disasters, by functional impact, 723
- Clinical pathological conference, in hypertension and altered mentation, 634
- Clinical Pearls
difficulty breathing, 1064
facial weakness and rash, 1144
headache and eye pain, 879
pediatric penile swelling, 384
pediatric vomiting, 77
recurrent abdominal pain, 952
- Clinical skill assessment(s), direct observation of EM residents, 345
of non-EM residents, reliability, 1124
performance-based, reliability, 1119
- Club(s), EM, survey of (letter), 648
journal, in EM residencies, 872
- COBRA, obligations to managed care patients, 794
underinsured patients and (commentary), 295
(letters), 1172; 1175
- Cocaine, *see* Drug abuse; Substance abuse
- Cognitive deficit(s), in minor head injuries, 21
(commentary), 4
- Collar(s), cervical, soft, in whiplash pain, 568
(commentary), 563
- Collision(s), *see* Motor vehicle crash(es)
- Coma, serum neuron-specific enolase as brain damage predictor, 126
- Communication(s), *see also* Physician-patient communication(s)
between EDs, for patient surveillance (commentary), 295
via storytelling (presidential address), 1
telephone follow-up and patient reachability, 271
- Community health, *see* Public health
- Community organization(s), database development for (letter), 984
- Complete blood count(s), in sickle-cell crisis evaluation, 751
- Compliance, with handwashing recommendations in ED, 360
patient, and cartoon release instructions, 264
(commentary), 200
- Complication(s), hospital, and ECG results in AMI, 318
with ketamine in developing world, 598

- serum cardiac markers for, 27
- Computed tomography, for cardiac injury diagnosis in penetrating wounds, 1024
- new-generation, sensitivity for subarachnoid hemorrhage, 16; 827 (commentary), 823
- Computer(s), e-mail for collaborative document preparation (letter), 182
- expert system for cardiac ischemia evaluation, 689
- residency brochure on the Internet (letter), 386
- Concordance, EP-psychiatrist, in admissions, 1027
- Congestive heart failure, bilevel positive airway pressure (letters), 729; 729
- sublingual captopril for APE, 205 (commentary), 192
- Consensus document(s), e-mail for preparation of (letter), 182
- on informed consent, development of (commentary), 101
- on research directions in EM, 274 (commentary), 202
- Consent, *see* Informed consent
- Consolidated Omnibus Budget Reconciliation Act, *see* COBRA
- Continuous quality improvement, in door-to-thrombolysis intervals (letters), 285; 285; 286; 287
- EM resident radiograph interpretation rates, 782; 790
- of fast-track LOS, 258
- flowsheet for AMI management (letter), 1073
- Contract(s), and terminations of EPs, 168
- Co-oximeter(s), for neonatal carboxyhemoglobin (letter), 287
- Coronary artery disease, variance cardiography in, 326
- Coronary care unit(s), creatine kinase-MB in admission decisions, 7
- Coronary perfusion pressure(s), endothelin-1 effects in CPR, 137 (commentary), 97
- Correction, of ECG interpretation as complete heart block (letters), 905; 905
- Cortical blindness (case report), 1056
- Corticosteroid(s), for bacillus Calmette-Guérin sepsis, 157
- Cosmesis, of repaired lacerations, 378 (commentary), 298
- Cost-effectiveness, of EMS naloxone IM administration (commentary), 657
- Counseling, in ethanol abuse, patient follow-through (letter), 903
- for in-line skating injury prevention (commentary), 291
- CPR, *see* Resuscitation, cardiopulmonary
- Crash(es), *see* Motor vehicle crash(es)
- Creatine kinase, ECG results and, in AMI, 318
- Creatine kinase-MB, in AMI prediction, 1034
- for cardiac risk stratification, 27
- in chest pain decision making, 7
- Credentialing, *see* Certification
- Cricothyrotomy, rapid 4-step technique, 1060
- Crisis intervention, domestic violence service availability, 246
- Criteria, *see* Outcome criteria; Triage criteria
- Criteria-based expert system(s), for cardiac ischemia evaluation, 689
- Critical thinking, in EM education (letter), 183
- CT, *see* Computed tomography
- Culture(s), blood, frequency of positive results, 768
- Curriculum(a), child sexual abuse training in (letter), 89
- for EMS training for EM residents, 716
- for problem-based ACLS (letter), 184
- Cut(s), *see* Laceration(s)
- Cyclic antidepressant(s), *see under* Antidepressant(s)
- enabling factors in pediatric trauma and, 213
- informing families about, 1146
- from MVCs (commentary), 194
- Decision making, admission, EP-psychiatrist concordance, 1027
- capacity, in refusal of care (case report), 948
- in chest pain, creatine kinase-MB in, 7
- criteria-based expert system diagnosis, 689
- Decision making, door-to-thrombolysis intervals (letters), 285; 285; 286; 287
- semiautomatic external defibrillator misdiagnosis (letter), 645
- triage, *see* Triage
- Decision rule(s), in AMI, 1034
- Defibrillator(s), semiautomatic external, missing background pacing (letter), 645
- Dehydration, in hyperemesis gravidarum (correction), 6
- Depression, self-inflicted wounds (letter), 817
- Dermatology, Ramsay Hunt syndrome (clinical pearls), 1144
- De-Solv-It, for paving asphalt burn (letter), 88
- Developing world, ketamine safety profile in, 598
- Papua New Guinea expedition, 624
- Diabetes mellitus, sinus bradycardia as hypoglycemia, 700
- Diagnosis(es), in abdominal pain, morphine effect on, 1086 (commentary), 1081
- in acute bilateral blindness (case report), 1056
- of AMI, leukocytosis in, 1034
- of cardiac ischemia, criteria-based expert system, 689
- delayed, of thoracolumbar fractures, 832
